BJWSA: <http://bjwsa.org/report-problem/>, call: 843-987-9200

A great resource is the Nixle Alert and Advisory system, Beaufort County Sheriff's office provided the following:

In the event of an emergency or natural disaster, the Beaufort County emergency management department of the Beaufort County Sheriff's Office will primarily communicate with the public via email and text through its Nixle alert and advisory system, which links to the social media sites Facebook and Twitter.

Nixle is also the method the agency will use to coordinate between governmental entities — the municipalities and local police departments — and public utility companies in advance of a message being released to the public.

To sign up for the Nixle Alert and Advisory system, go to www.bcsso.net.

For anyone who has not subscribed to Nixle, in the event of a natural disaster or emergency, up-to-date information will be posted on the Beaufort County Sheriff's Office website under its Emergencies/Natural Disasters link.
